

MILLIONAIRE HEIRESS SUES TO OUST TRUSTEE

Granddaughter of David Stevenson
Makes Charges Against
Former Banker.

Mrs. Eugenie Viola Hill Ferris, granddaughter of David Stevenson, millionaire brewer, began suit in the Supreme Court to-day to oust James McClenahan, former President of the Mutual Bank and President of the David Stevenson Brewing Company, as substituted trustee of a trust created for the benefit of Mrs. Ferris and her children by the will of Mr. Stevenson.

Mrs. Ferris makes the charge that McClenahan controls the trust property for his own benefit; that he has retained 5 per cent. of the total receipts from the trust property since Feb. 1, 1912, and that he has violated Mrs. Ferris's directions that no portion of her property be used for the sale of alcoholic liquors.

The suit came before Justice Giegerich on McClenahan's motion to compel Mrs. Ferris to be more specific in her charges. The Court ordered her to furnish particulars as to the manner in which she claims McClenahan has mismanaged the trust for his own benefit. He denied the banker's request for other details.

The properties involved in the suit are premises: No. 337 Tenth avenue, No. 529 Tenth avenue, No. 619 Ninth avenue and No. 324 West Fortieth street.

Mrs. Ferris asks the Court remove McClenahan as trustee of her property and substitute her husband, Mr. Ferris. The Ferrises live in Onondaga County.

BABY'S TERRIBLE SKIN HUMOR CURED

Milk-Crust Formed a Solid Seal, but
Resisted Cured in Four Days.

Detroit, June 21, 1913.—"About a year ago my two-months-old baby was troubled with what they call milk-crusts. The lower part of her body was a mass of sores. It began with small pimples, then they turned to one whole rash. The sores would break open and then it would bleed. She suffered much, as she cried night and day.

"For one month I tried everything, but without relief, until I sent for a sample of Resinol Ointment and Resinol Soap. Upon the first application I noticed a change, and after four days my baby was entirely cured. I cannot praise your remedies too highly, and recommend them to all my friends."

(Signed) Mrs. Henry Meehan, 104 Levee Ave.

You need never hesitate to use Resinol. It is a doctor's prescription, that has been used by other physicians for eighteen years in the treatment of eczema, ringworm, pimples and all sorts of skin eruptions. It contains absolutely nothing that could injure the tenderest skin. Practically every drug-gist sells Resinol Ointment and Resinol Soap. For free trial write to Dept. 40-E, Resinol, Baltimore, Md. Refuse imitations sold as "just like Resinol."

100 New Notes in Women's Suits for Spring

Rose-Moire and Silk Poplin
Are Combined in a Turkish Mode
Which is a Symphony in Brown

We were the first to present in New York the Callot Soeurs' original Turkish skirt. That was more than four months ago.

Now we have the honor of introducing the latest interpretation of this graceful mode. In this the Turkish idea is emphasized by the use of rose-moire, while the underskirt, which is almost entirely visible in the front, is of silk poplin. An effective and artistic combination, as you will see in the illustration. At \$77.50 this suit is a superb reproduction of the Paris model.

The suits that are quite the extreme of this mode—simply tailored—are equally distinctive, for they are imbued with the true character of Paris fashions.

All GIMBEL Suits have elegance as well as style, for they are fashioned of the newest materials—

Barathea	Satin Cotelet	Satin Cascadeuse
Crinkled Crepe	Honeycomb	Satin Burbe
Tokio Crepon	Shantung Crepe	Ripple Crepe
Tango Crepe	Worsted Souris	Pompadour Taffeta
Golfine	Bengaline	Cabardine
Serge	Poplin	Charmeuse

These New Suits Are \$25 to \$150

A Special Exhibit for the Millinery Trade

An extraordinary occasion,
inasmuch as it will disclose
to America the fact that

Millinery Fashions Have Been Revolutionized For Spring by the Paris Modistes

We wish to emphasize this fact so that the many milliners who have journeyed from all over the United States to see the new modes will be aware of the fact that there will be a pleasant surprise for them in the GIMBEL Salons to-morrow.

The Chapeaux which we shall present are the very latest dictates of Paris—they are just off the steamers. Kindly note that they are not the early models that were created to start the wholesale season—the styles that were tried out while Paris milliners were moulding their ideas for Spring.

GIMBEL Model Hats at \$15, \$18, \$22,
\$25 and Upwards Cannot Be Duplicated

for they are made of the very materials which the Paris modistes used in their original models. We imported these materials direct, so that prices could not be approached in the United States. Hence it is obvious that milliners may select hats that are virtually Paris models at mere fractions of Paris prices. But only at GIMBELS. Third Floor

\$4.00 Brocaded Corsets at \$2.25

Which Extend From the Waistline to Almost the Knees

To give the ideal natural figure—the purpose of the model in which these corsets are fashioned. Therefore, it is obvious that they are lightly boned. \$5 and \$6 Brocaded Corsets at \$3.50—these give long straight lines to the hips, and they are all designed with the very low bust. Second Floor
